# Iranian outdoor power supply manufacturer

Hi Reza, welcome to the forums. Your Iranian brand Green doesn't create power supplies, as you described it. They only rebrand them, which means they do something the majority of PSU brands do, international and local alike: they buy an off-the-shelf, ready power supply from the true manufacturer, and they just put their own Green label on it.

We do correct power coefficient of big factories under construction which their power coefficient is low and pay heavy fines for reactive electricity, efficiently. All you need to ...
