Buy a LiFePO4 pack and track the unmatched gains. Are you searching for a battery for a device that requires a long cycle life and high capacity? The multiple advantages of our 24V-72V LiFePO4 lithium batteries over traditional packs lie in their superior characteristics for each important criterion. Higher energy density

Well these packs dont have the C rate that is required to jumpstart a battery like that. If you want to have succes with these for that purpose you will need about 5 to 6 in parallel minimum and also use higher current connector than these PP30 30A connectors and 12 AWG wires :lol: it's like you will loose few volt just thru the connectors and ...
