

The equipment has the advantages of automatic intelligent assembly and production from prismatic aluminum shell cell to module and then to PACK box, improving product quality consistency and automation level, reducing manual ...

At Bulldog Battery we take great pride in supplying both contractors and the public with the highest power battery cells available for their cordless tools. By rebuilding your current battery pack we can save you a great deal of money while giving you a much stronger cell than the original. This also comes with a one-year free replacement warranty.

After the battery has been assembled, the casing is then sealed shut using a variety of methods depending on the battery pack. Due to the nature of the service there can sometimes be visible evidence of cutting or gluing on the casings. Rest assured your now better than new quality battery is 100% safe to use.

Through online posts from other users in a similar situation, I was delighted to hear about MTO Battery services. Their website clearly explained all the steps and details regarding the battery rebuild process. It really was a breeze! The overall process to ship my battery and receive it back was a little over two weeks but obviously Lithium ...
