

United Arab Emirates Energy Storage Cabinet Container Customization Company

ENRACK is a high-power, rack-mounted electrostatic energy storage system distributed by Emtel Energy. Designed to deliver instant, safe, and ultra-reliable backup power, especially for mission-critical applications like data centers and telecom infrastructure.

With its ultra-large capacity in the ampere-hour range, it is specifically developed for the 4-8 hour long-duration energy storage market. By using ?Cell 1175Ah, the energy storage system integration efficiency increases by 35%, significantly simplifying system integration complexity, and reducing the overall cost of the DC side energy storage system by 25%.

Masdar has announced preferred suppliers and contractors for its 5.2GW solar PV and 19GWh battery storage project in Abu Dhabi, United Arab Emirates (UAE).
