New Member. 15. Rep. 20. Posts ... Power Supply warning? On my 2019 m40i with 17k miles I got a Power Supply warning. Anyone familiar with this ?

Anyway, after about two hours in the sun it went dead. Would not even power up. I tested the power supply and it was bad. I used another power supply (from my XT Live) and the X3 powered up for about two seconds and then went dead. Then I smelled something burning. The second power supply is still okay and still powers the XTLive okay.

ULTRA never ceases to amaze, delivering massive power to the people in unique and functional packages. The all new 3rd generation X-Connect or X3 brings ULTRA into a whole new class power supply...the 1 Kilowatt class!
